**PUREST WATER MADE
FROM THE AIR**

OUR FLAGSHIP PRODUCT

The T-12 is ~~the~~ premier atmospheric water generator, delivering up to 15 gallons of pure, clean drinking water daily—right from the air.

Engineered for efficiency and sustainability, the T-12 is perfect for homes, businesses, and emergency preparedness.

Enjoy dependable water access without relying on traditional sources or single-use plastics. Experience innovation and peace of mind with the T-12.

PRODUCT FEATURES

- Pure Water Generation: Extracts clean drinking water directly from the humidity in the air.
- 7 Gallon On board Water capacity.
- Dispense either chilled or room temperature water.
- Best In Class High Output: Produces up to 15 gallons of water per day
- Eco-Friendly Design: Reduces reliance on bottled water and conserves natural resources. 304 Stainless steel case looks great and ensures longevity.
- Energy Efficient: Optimized for low energy consumption without compromising performance.
- User-Friendly: Easy to install and minimal maintenance due to ozone purification.

RECOMMENDED FOR:

Water systems are perfect for anyone seeking a reliable, sustainable water source.

Whether you're a:

- Homeowner looking to provide clean, safe water for your family
- Business Owner aiming to reduce costs and environmental impact
- Outdoor Enthusiast who values self-sufficiency
- Emergency Planner preparing for natural disasters or water shortages

Our products empower individuals and organizations to secure their water needs with ease and sustainability.

We offer larger air to water (AWG) models producing up to 370 gallons of pure water daily, along with home systems and custom solutions. Consultations available.

TESTIMONIAL

This machine is over 10 years old .. and still running great. We LOVE securing our pure water from the air.
